

SYC 2025 Time Commitment & Schedule

Most cheer practices will take place from June to October at Karl Malone Center in Lehi, UT. Each team will practice up to two hours, twice each week. Practice schedules will be finalized by team coaches and communicated to parents after tryouts. Attendance at practice is very important because all participants are choreographed into stunt groups, formations, and routines.

SYC teams will participate in the Lehi Round-up Days Parade and cheer at Skyridge Youth Football games from August through October (usually held on Saturdays). SYC teams will also participate in two or three local youth cheer competitions in October and November.
